

So we want digital arable land and forests  
Quite similar to this design wise how Kristjan and Beti want

Webpage would like to be something similar: <https://www.magiceden.io/marketplace/metavillage>

The color tones would like to be somewhere:

Green #006400

Brown #964B00

White #FFFFFF

Collection should have somewhere total 10 000 NFT's that are mostly forests, arable lands.

Should be built on Solana network

Token Name SKP DIGITAL

Token Symbol SKP

Gas fee as low as possible

Token supply 1Billion

It would be perfect if it's finished before the end of May. Because we would like to get started in summer with the digital advertising
